

LEAD OPPONENT SCOUTING REPORT

Opponent: Indiana Hoosiers
Date of Match: 10/21
Compiled By: Soham Mukherjee
Opponent Record: 10-3-1 in Fall 2025 (most recent conference result: 4-2 against Ohio)

Overall Team Overview (recent 10 games):

Indiana is a possession-focused team (averaging 55.46%) using short-to-medium passes to control tempo and progress quickly into dangerous areas. Their preferred buildup funnels the ball to fast wingers or overlapping fullbacks, especially #13 (set-piece taker; 53 crosses), who leads in wide deliveries. Key threats include #10 (6.66 xG, 50%+ shot accuracy) and #11 (1.33 xG), supported by several attacking players who regularly register high shot volumes. Set pieces, often taken by #10 or #13, frequently target #4, #19, and #20. Defensively, Indiana initiates pressure high up the field, committing attackers and sometimes midfielders in a man-to-man press to force turnovers—4 of their 7 goals recently. However, this high press often leaves exploitable central gaps where attackers can drop in and turn. Their two center backs are defensive anchors, each with 130+ ball recoveries, with a high number of interceptions and duels won.

In Possession:

- Shape: 4-2-3-1 or 4-4-2
- During buildup, strong links between back line and midfielders (#6, #3); GK moderately involved
- Fullbacks push high to put in crosses and stretch opponent defense centrally

Out of Possession:

- Shape: 4-4-2 with a high block
- Aggressive press (PPDA ~10.10); looking to force early turnovers
- Tendency to leave space between midfield and defense lines
- Exploited with quick vertical play and smart turns/receives in pockets

Key Players:

- #10 – Palmer Ault (CAM)
 - Leading team with 9 G + 4 A
 - Strong finisher around the box
- #11 – Collins Oduro (RW)
 - Second with 3 G + 2 A
 - Athletic, fast dribbler
